

FAVOURITE PIXAR MOVIE

A BAR GRAPH

- A Bar Graph must have a title.
- The x axis is the horizontal line in the graph. The y axis is the vertical line in the graph.
- Both axes must be labelled.
- In this graph, the x axis shows the favourite movie. The y axis shows the number of students.
- The y axis must have a suitable scale.
- In bar graphs the bars have spaces between them.

PIXAR MOVIE RATINGS

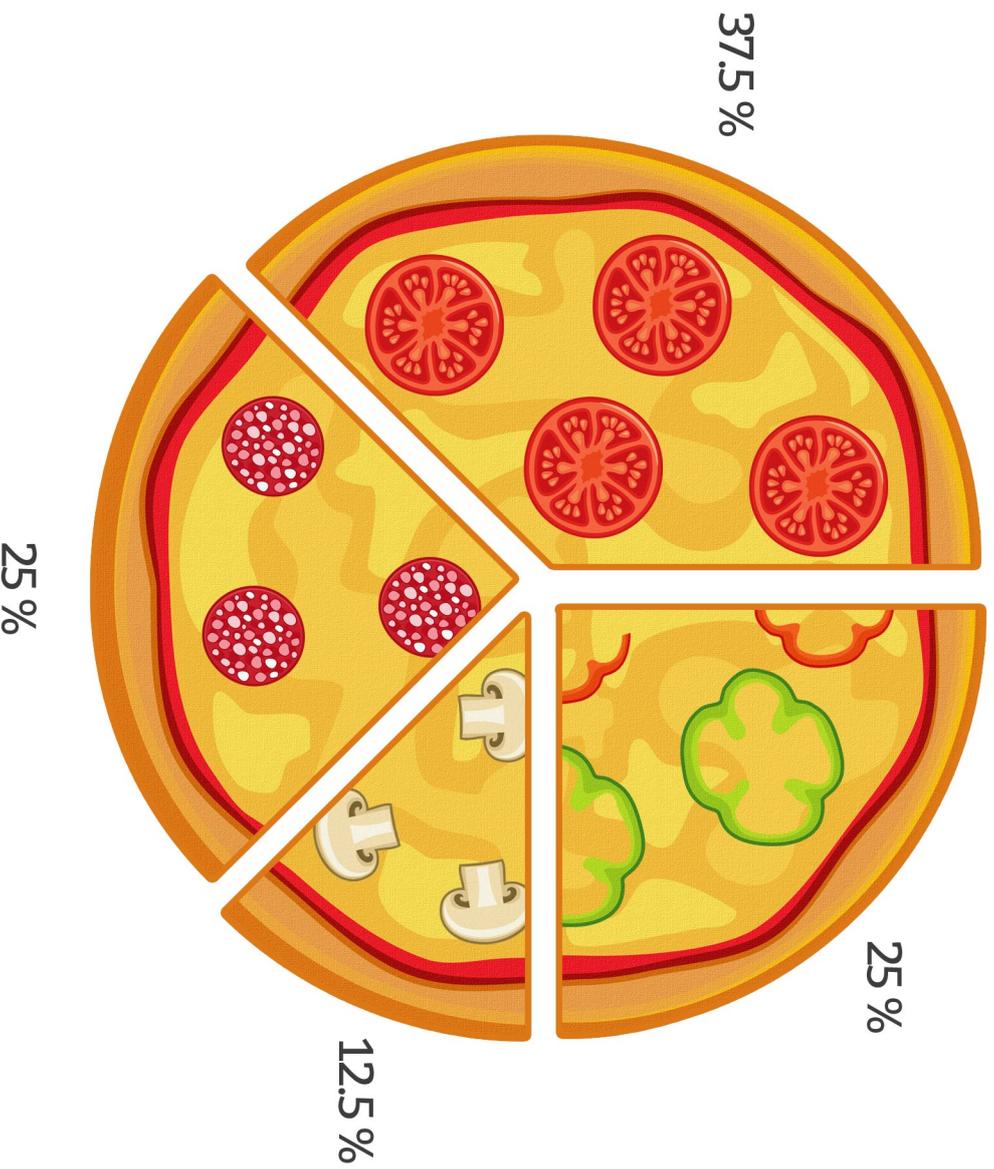

A HISTOGRAM

- A Histogram usually shows the frequency.
- In a Histogram the bars must touch.
- The graph should have a title.
- Each axis must be labelled.
- The y axis must have a suitable scale.

MOST POPULAR PIZZA TOPPING

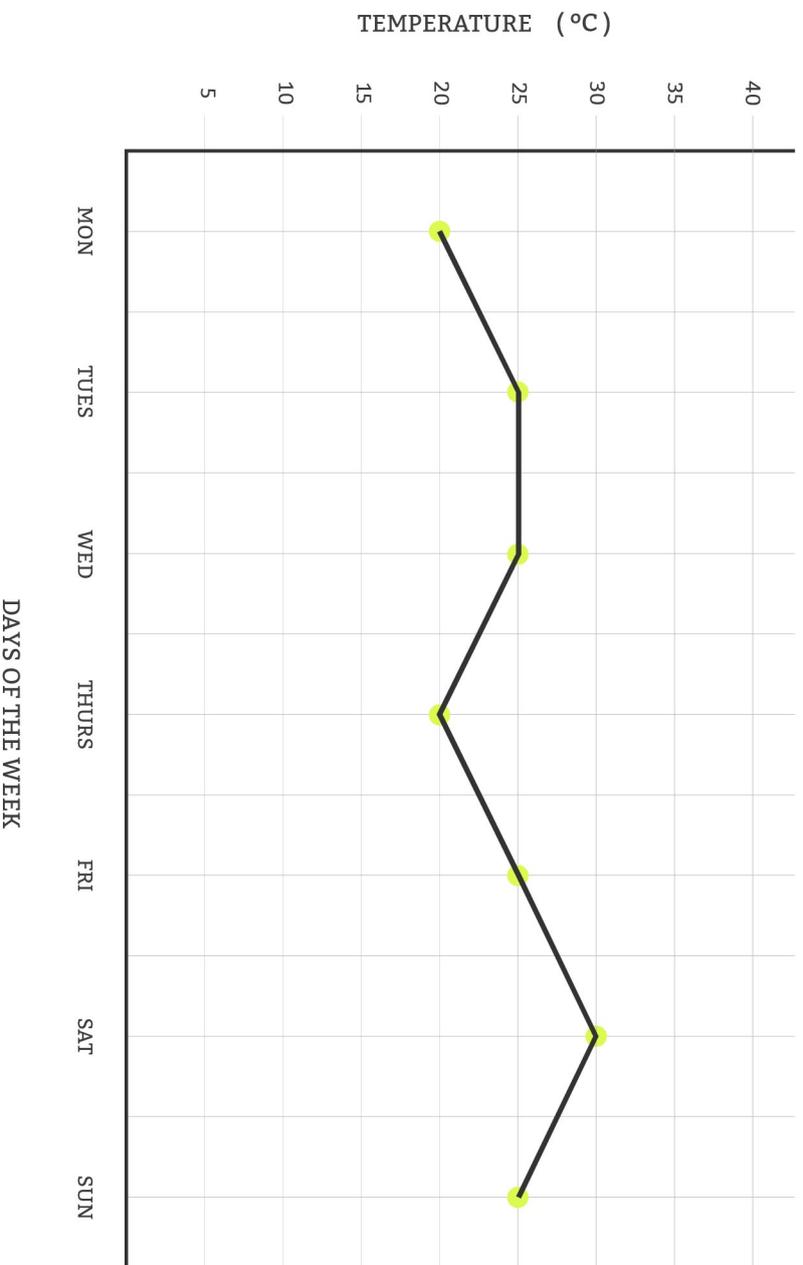

A PIE CHART

- Pie charts can be used to show the percentage of 1 whole or 100%
- A Pie chart should have a title and it should have a key.
- The chart may or may not show the actual percentages.

KEY			
Tomato		Peppers	
Pepperoni		Mushrooms	

TEMPERATURES FOR JUNE 20th - 26th

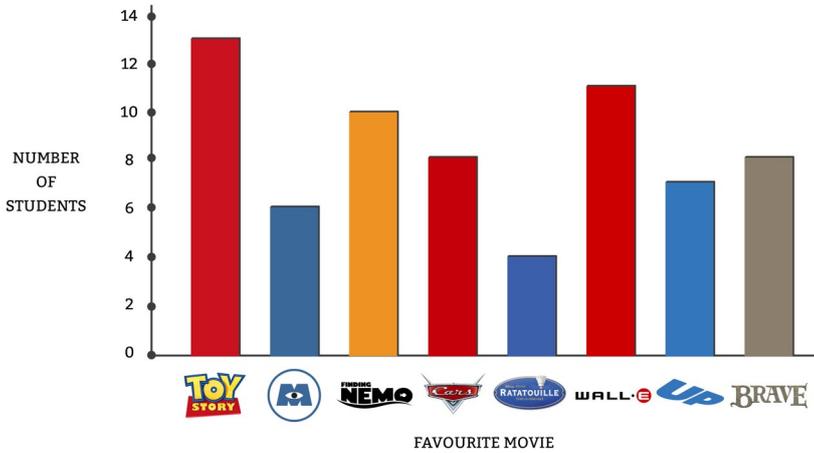

A TREND GRAPH

- A Trend Graph shows the trend of something.
- The graph has a title and the axes are both labelled.
- A Trend Graph is made by marking the points on the graph and then joining the centres of the marks using straight broken lines.
